

Western Placer Amateur Radio Club Membership Net Script

K6PAC Repeater from <your call>. The following period is devoted to the Western Placer Amateur Radio Club Weekly Net. This is a directed net for the purpose of passing information to the membership of the Western Placer Amateur Radio Club. Net control for this session is <your call>. Is there any emergency or priority traffic for the net?

Pause for answer. If traffic, handle now.

Are there any announcements from our officers?

The president and/or the vice president should always have some type of announcement for the net

Are there any other announcements for the net?

If there are, take those now. If not, continue on.

This is <your call>, net control. We will now call the member roll.

Note: NCS can also ask a trivia question to be answered by all checkins (not just members).

Call roll by callsign suffix. Current roster is online at www.wparc.org/roster.shtml.

Are there any members wishing to check in that we may have missed? Late or missed checkins.

Any visitors wishing to check into the net, call now. Take guest checkins.

This concludes the membership portion of the net. Last call for any announcements for the membership.

If there are any announcements, take them now.

This is net control <your call>. We will now begin the swap shop portion of the net. This portion of the net is for members and guests to list available ham-related items only. You may list an asking price for your item, but all negotiations and transactions must be conducted off this repeater. Stations with lists for tonight's swap shop call now.

Call back each listing station in turn and take their listing. After each station has listed, repeat each item listed.

Are there any more stations with items to be listed?

If so, take them and repeat the above procedure. If not, continue.

This is <your call>, net control for the Western Placer Amateur Radio Club Weekly Net. We will now begin the Ham Help portion of the net. Stations who may need assistance with a ham-related problem, call now.

After each call is listed, go back to those listing in order and ask what assistance they need. Then ask for any station that may be able to help. After each station has listed and any helper has been identified, go back to the first station and have him/her call the helping station. Do this until each problem has been satisfied.

Before we end the net, are there any missed or late checkins? Take any check-ins.

If you would like to be a net control for our weekly net, contact any club officer or board member. This concludes the Western Placer Amateur Radio Club Net. This net meets Thursday at 1900 hours local time on K6PAC repeater. Thanks to all who checked in this evening. We look forward to hearing from you in future sessions. This net is now ended. K6PAC Repeater from <your call>.
